Monday, August 5, 9-11am

Visit the museum's front desk to sign up or learn more!

New Hampshire MAKER FEST

June 1, 2024
10am - 3pm

Maker Info & Schedule

www.childrens-museum.org

What do I do first?

Great question!

Check out the schedule on the opposite page and make note of any performances, demos, or workshops you don't want to miss.

Then, keeping those times in mind just make your way around the park and inside the museum to check out all the Makers! Some have hands-on activities, others are selling their creations, and some are just sharing info about what they do. See the list of participating Makers and their location on the list on the other side of this program.

Where is the food!?

There is one food truck this year, parked along the top of the upper park. Don't forget to splurge on shaved ice from Kona Ice or stop into the booths selling sweet treats.

Please keep in mind...

1. Thanks to our generous sponsors we're able to offer "Pay-what-you-can Admission" to ensure that every child, family and adult can participate, regardless of their ability to pay. A suggested donation of \$5 per person will help cover the costs of running the event. **We accept Venmo: @childrensmuseumnh**

venmo

2. Enjoy food or drink in the park, museum Play Patio, or in the snack room.
3. Not ALL of the museum exhibits will be open, but plenty are available to explore.
4. The NH Maker Fest is all about DISCOVERY! What did you discover today? #NHMakerFest
