2. Once you click the text that says "Click here for Tickets" you will be on our ticketing site. Here you want to choose these ticket types: "Adult", "Child," "Senior", or "Child Under 1" (Not the price types that say "Adult w/discount (will pay at door)"). Don't forget to reserve for the exact number of people attending. We use this information to limit the number of guests per play session, so don't just reserve one spot for yourself.

4. Don't forget to finish by adding your contact info and hitting "Check Out"!
